

only life would
ill-health rob
them, not only
of life, but of
their fortune as
well, there would
be fewer peni-
tents in the world.
Others to drag
out cheerless
lives. When a
man holds a stone
close up to his
eyes, it shuts
out the light of good judgment, and looks
bigger than life or death, or wife or child.
The facts are that ill-health very soon puts
a stop to a man's money-making powers
and turns them into money-losing dis-
abilities.

When a man's digestion is out of order
and his liver sluggish, his brain gets dull,
his muscles sluggish, his blood impure, and
every organ in the body—brain, lungs,
heart, stomach, liver and kidneys—becomes
crippled. A man with a crippled lung,
liver, heart, brain or kidney, is a worse
cripple ten times over, than a man who is
crippled in a leg or on an arm.

A man who is crippled inside, and
crippled outside may live a long life but
the man who is crippled inside is taking a short-cut
to the grave. Dr. Pierce's Golden Medical
Discovery cures and cures out of a man
appetite keen, the liver active, the blood
pure, and every organ healthy and vigorous.
It makes blood and builds flesh up to the
health standard. Honest dealers don't
recommend substitutes.

"I wish to say to those who suffer from kidney
and bladder trouble—take Dr. R. V. Pierce's
Golden Medical Discovery," writes J. Anderson,
of Carthage, Jasper Co. Mo. "A patient of mine
says it is worth \$50 per bottle to any one who is
afflicted as he was. Three bottles cured him com-
pletely. Perfectly miserable he was, before taking
the 'Discovery' and now is one of the happiest
men in this County. Prof. Chase would not
sign this if he were in town. He requested me
to write a testimonial and make it as strong as
the *English language* could."

A \$1.50 home doctor-bottle FREE. For a
paper-covered copy of Dr. Pierce's Common
Sense Medical Adviser send at one-cent
stamp, to cover cost of mailing only.
Clutch avinger-cente extra. Address Dr.
R. V. Pierce, Buffalo, N. Y.

**WILL COLLECT
FOR THE LIBRARY**

**Citizens Committee Determined
to Make a Canvass
For Funds**

A meeting of the Committee appointed by Dr. George C. Pardee, for the purpose of raising funds with which to build upon the plans which might be thought advisable for the purpose of raising means with which to locate the generous gift of Mr. Carnegie. The committee appointed by Dr. Pardee consisted of Dr. George C. Pardee, Mayor R. W. Snow, A. Schilling, H. A. Clendenen, W. B. Ludlow, G. E. Luken, W. J. Davis, H. E. Townsend, J. C. Keller, E. L. Shaffer, Howard C. C. Daly, J. C. Erving, H. A. Powell, Dr. Myra Knox, Robert Watt, J. R. Glascock, F. B. Ginn, Mrs. F. B. Ginn, W. G. Heston, J. M. Segger, Sol Kahn and V. H. Metcalf.

Of this committee, Mayor Snow was elected chairman and Dr. R. Luken secretary.

There were present, Mayor Snow, Senator Perkins, G. B. Lukens, Emma Perkins, Dr. Myra Knox, and Dr. A. S. Snider and Trustee of the Public Library Board.

The chair was taken by Mayor Snow who stated that it was with the ladies and gentlemen present to determine what they wished to do in the premises. He asked Secretary Lukens how many people constituted a majority of the committee.

Mr. Lukens said that a majority would be thirteen because the committee consisted of fifteen members.

"I met," said the Mayor, "some of the committee today. I find that there is a feeling of disappointment on the part of the citizens as to the location of the library building on a public square or of purchasing a site by means of a bond issue and the committee is divided on this question has not resulted satisfactorily."

Senator Perkins said that he would like to hear from Justice Hoyt of the Public Library Board.

Mr. Hoyt said that the Library Trustees would be very glad to be furnished with any plan or location for proposed new Library Building. From a canvass of their opinion, he did not believe the Trustees of the Library would favor the purchase of a public square. They would favor the locating of the building on some other place centrally located and easy of access and that they would favor the purchase of the district. The idea expressed by them was that the breathing spaces of the city should not be covered by a building.

These studies should be kept in mind were originally intended to be kept. The feeling was that the Library Building should be kept off "squares where

could not be obtained then nothing more could be done. "I will move," continued the Mayor, "the committee is considering of Mayor Snow, Trustee Hoyt and Secretary Lukens be appointed to select a committee out of the twenty-five members of the committee to be divided into sub-committees for the purpose of canvassing in various sections and ascertaining how much money they can secure to help the movement.

"That many would feel it an honor to contribute a dollar to the fund. Those people who are material and a great interest in the move. If our library, it is the children's Library, it is everybody's library. Even the children have a right to the establishment of a home for Dewey. Now, Dewey does not want a home."

Dr. Sam Shaffer Howard suggested that the plan for the project by the project would be of great value to the cause.

"If you do not," said Mayor Snow, "approach the matter with sufficient enthusiasm unless there should be a large attendance present. We ought to go on or else stop after having made an effort to get the committee together. I am unable to do so and I will please, but I would prefer that some other person be placed on the committee."

"I am not sure of the response," said Senator Perkins, "we can say that we have done our duty."

Secretary Lukens then read the resolutions of the committee and the descriptions and they were appointed with the understanding that they could appoint people to be outside the committee of seven.

The following letter from F. B. Ginn was read:

Oakland, Sept. 28, '98.—G. R. Lukens, Dear Sir:—The notice of a meeting this evening of the Library Site Committee is received. I am unable to attend, but I am sure that the committee will meet at the next meeting that it would be impossible for Mrs. Ginn to hold any place so take any part in raising money for the library. I am sure that you will please, therefore, kindly withdraw her name from such committee.

I am, my dear Sir, a lost soul that and I am sure that you will more than make up for my loss. I am sure that you, with local matters, should take my place and I wish you would fill my place on this committee as I care of no use of my name, but I am not a business man.

"I cannot doubt that the comprehensive plan of the committee will be promptly subscribed by the citizens of Oakland."

"If there be any place or office where I can call on you to the Library, I will be very happy to serve. Very respectfully yours,

FREDERICK B. GINN.

Another letter was received from "Oakland, Cal., Sept. 28, 1898. Dr. Geo.

should be kept out of a bond issue. Another idea was that the people should take advantage of the gift which Mr. Camerino had made them. The mayor therefore resolved itself into one of two questions: Should the Library be purchased for the people? Should the gift be offered in good faith, and un-

carried possible moment by the provisions of the letter. After that, Mr. Lukens said that he thought they ought to keep in mind the duty incumbent upon them after their appointment to the Library. The letter of last Saturday night, had named a committee of six and it was the idea that that committee would organize and then the Library would be asked to contribute. It was not the idea that the money be made to secure the money required. The date of the letter from Mr. Carnegie to Mr. Chittenden was old enough to show that the Oakland board would be made to secure the money required, unless the offer was accepted. The Council had said that the city was not in a position to aid in the purchase. The board of the city had said that the money could not be provided for in the bond issue. The attention of the world had been directed to Oakland by Carnegie and the world was anxious to stand by the consequences of its action or failing to act. The committee had now shown to the world that they could not do anything except to provide the ways and means of securing the subscriptions.

Mrs. E. S. Howard said she could only speak for herself. They ought to act quickly and promptly and not be unwilling at first to serve on the committee, but she had made up her mind to serve because she felt that she could do something. She thought the proposition of using a square would not show a disposition to proper display of public spirit to meet the donation half way. She would not be willing to do it, she would be willing to leave that question to others to settle.

Mrs. Howard said she agreed with Mrs. Howard. To build the Library on a public square would not show a proper appreciation of the gift of Mr. Carnegie. This was the opinion of the secretary. It was not political. It was a move in which everybody was interested. The people now have not too many things upon their minds. Those who were in business in San Francisco had not given as much attention to the matter as they should. They should be made to think that there ought to be an impulse given to the matter to determine what

... HENRY A. CHITTENDEN."

The following letters were read:

"Oakland, Sept. 27, 1896.—Gentlemen of the Library State Committee.—THE TRIBUNE has received through a member of its staff the contribution of one dollar from Helen Thomas with the suggestion that an appeal be made to children to contribute. The money and the thought are hereby respectfully submitted to your committee. Yours very truly, HENRY A. CHITTENDEN."

"Oakland, Sept. 28.—Henry A. Chittenden, Esq.—I think the children should be given an opportunity to contribute to the fund for the purchase of the Library for Oakland. I inclose one dollar to start the list.

"HELEN THOMAS."

The committee adjourned to meet at the call of the chair.

To Revive Judgment.

Daniel Meyer has begun suit against Montgomery Hays, George Hays and Phoebe A. Blair to have renewed a judgment of \$1,768.37, which was originally rendered in 1885. Since that time \$25 has been paid.

Blakeslee Estate.

The appraisement of the estate of Sarah P. Blakeslee, deceased, shows it to be worth \$100,000. The executor, Emily W. B. Boyes as administratrix shows \$20 expended in administering the estate.

OPEN SATURDAY EVENINGS.

Charles Masson Says He Is Victim of Bunco Game.

Alameda Office

THE TRIBUNE, 1500 Park Street.

ALAMEDA, Sept. 2.—Through the detection at the City Prison in San Francisco of Mrs. Ellen Garcia, who claims to have been deceived by three men in the story of Charles E. Masson's futile efforts to wed her daughter, Maud, has come to light a new phase of the "Southern Pacific" train boys on this side of the bay. To the police yesterday he narrated his unsuccessful attempts to win the young woman's hand, and he called at the police station to learn definitely, if possible, whether she had married George Cushing, an engineer on the transport Sherman, as had been reported.

Masson has known the family for several years. He became infatuated with the girl and last December procured a license to wed her. The girl, according to the railroad men, bucked out at the last minute and the license was never

Teachers' Institute

The local Teachers' Institute will hold its sessions on Wednesday, Thursday, and Friday of next week. County Superintendent Crawford will give an address at the opening session and well-known educators will be in attendance. The morning meeting of the institute will begin at 9 o'clock and there will be lectures and discussions each afternoon, commencing at 1:30 o'clock.

Professor George W. Jenkins of Stanford University will deliver a course of lectures morning and afternoon each day on "Native Study," in addition on Wednesday afternoon Dr. D. B. Fowler of the University of California will lecture on "School Hygiene." Professor Elmer C. Brown, head of the department of education in the University of California, will deliver a lecture on Thursday morning on "The Beautiful in Education," and in the afternoon Dr. Frederick Smith, principal of the new San Francisco Normal School, will lecture.

At the Friday morning session of the Teachers' Institute, Superintendent McClymonds will deliver a lecture on the "Teaching of Arithmetic." In the afternoon the lecture will be given by Professor F. C. Furbush of the chair of education in the State University, the subject being "The Social Side of Modern Education."

SCHOOL BOYS WILL HOLD A FIELD DAY.

The Central High School will hold its second semi-annual interclass field day tomorrow afternoon. The first of the day is between the Latin and Manual Training Departments. "The Commercial Department." A relay race is down on the list of events. The events and entries are as follows:

Play yard dash—Kinsey, L. M. D.; Platt, L. M. D.; Carpenter, C. D.; Galt, L. M. D.; Burpee, L. M. D.

One hundred yard dash—White, C. D.; Platt, L. M. D.; Zampock, L. M. D.; Veatch, C. D.; Kinsey, L. M. D.; Galt, L. M. D.; Hendrickson, C. D.; S. Burpee, L. M. D.

Two hundred and twenty yard dash—Hughes, L. M. D.; Veatch, C. D.; Zampock, L. M. D.; Platt, L. M. D.; Burpee, L. M. D.

Four hundred and forty yards—Carpenter, L. M. D.; White, C. D.; Platt, L. M. D.; Burton, L. M. D.; Platt, L. M. D.; S. Burpee, L. M. D.

Eight hundred and eighty yards run—Bibby, C. D.; Burpee, L. M. D.; Prior, L. M. D.; Burpee, L. M. D.; Martin, C. D.; Burton, L. M. D.; S. Burpee, L. M. D.; Platt, L. M. D.

One mile run—Connors, L. M. D.; Burton, L. M. D.; Platt, L. M. D.; Martin, L. M. D.; Bibby, C. D.; S. Burpee, L. M. D.

Two hundred and twenty yard hurdles—

Narrow Escape.—A young Japanese had a narrow escape from being crushed beneath the wheels of a narrow gauge train near Park street station last evening about 4:45 o'clock.

He was in a large package in his hand, he ran for the train after it got under way, and throwing the bundle on the front platform of the baggage car, he tried to jump to the ground.

He was thrown to the ground, and the rear wheels of the car barely missed passing over his legs. After he arose the train started and he was left on the other car and was being violently joggled over the ties when he was pulled into his perilous position by Conductor Buh.

Two hundred and twenty-two hundred—

Arleton, M. D.; White, C. D.; Hughes, L. M. D.; Carpenter, L. M. D.; Platt, L. M. D.; Fraser, L. M. D.; Shipman, L. M. D.; Sumpce, L. M. D.; Edgar, L. M. D.

Dr. Yeach, C. D.; Zambek, L. M. D.; Edgar, L. M. D.; Platt, L. M. D.; Fraser,

Broad Lamp—Shipman, L. M. D.; Kinsey, L. M. D.; White, C. D.; Carleton, C. D.; Platt, L. M. D.; Sumpce, L. M. D.

Shot put—Connors, L. M. D.; Hinds, C. D.; Dyer, L. M. D.; Hendrickson, C. D.;

Notes and Personals.

Eight vicious dog terriers attacked Paula Fischer, daughter of Dr. Frederick Fischer, yesterday afternoon, and she was badly injured. The dogs belonged to the family of William Horst Jr. and Gustave Horst, two young men of the neighborhood, the child would undoubtedly have been killed.

Paula, who is 11 years old, makes her home with Mr. and Mrs. Henry W. E. Kaufman of 1515 McPherson street.

The residence of 1515 McPherson street is occupied by Mr. and Mrs. J. W. Thrasher. The Thrashers own two adult bull terriers, which are now in the city.

The estate of Hannah C. Staniels, a widow, now deceased, has been appraised by George S. Evans, W. D. Thomas and J. W. Smith, appraisers, at \$1,850.00. It includes lots 4 and 10 in block 1, according to the new map of Lynn Home- stead, adjoining Highland Park, East Oakland, with improvements, are appraised at \$1,850.

The wedding of Miss Lilian Schroeder, daughter of Mr. and Mrs. Charles A. Schroeder, of San Francisco, 321

KERN'S TORCH.
Miss Pauline Kern, daughter of Deputy Marshal C. T. Kern, was married to Mr. Henry F. Torch in Elko, Nev., September 15th.

A SURPRISE PARTY.
A very enjoyable surprise party was given Caleb Justice in honor of his eighteenth birthday at the home of his parents, Mr. and Mrs. Joseph Justice, 1300 University avenue.

The guests were: Dr. and Mrs. Robert Bentley, Miss Viola Vernald, Miss E. M. Allen, Miss Madeline Schuchman, Miss Victoria Clark, Miss Vada, Mrs. Emma Davis, Miss Alice Davis, Messrs. Walter G. Allen, Ernest L. Allen, Harold P. Allen, Roy H. Allen, Roy C. Allen, Roy J. Allen.

SOLDIER BURIAL.
The North Berkeley life company gave a reception to the returned members of their company. Refreshments were served and all were greatly enjoyed.

The guests of honor were: Harry Reed, R. R. Nugent, William Dunn and Malcolm "Burrhead" Smith.
The committee in charge of the affair consisted of Robert Welch, John Hampton and George Welch.

PERSONAL MENTION.
G. W. Carter of Byron has moved to town.
G. D. Smith has recently moved here from Redding.

J. R. Harrison left for Warfield yesterday.
Mr. Bolton and family have gone to Alameda to visit.

Albert S. Smith of Kirtland street has moved to Alameda to visit.
Rev. Robert Bentley is spending a few days in town visiting his family.

Marlin M. Carter is confined to his room by illness.
Mrs. A. D. and family, recent arrivals, are living at 101 Shattuck avenue.

Rev. Charles Stalker of San Diego, who has been visiting in town, returns to his home today.
Mr. A. P. Webster has just returned from Honolulu.

Mr. and Mrs. Mark George will reside on Deakin street or Ashby avenue.

ELMHURST.
ELMHURST, Sept. 29.—Elmhurst Assembly No. 17, Order of United Artists, will give an entertainment and dance next Thursday evening in its new hall, corner of San Leandro road and Orchard street.

KILLED FOUR DEER.
Smith Fender and M. Fender returned Tuesday from a hunting trip to Mendocino county. They secured four deer, but lost one of the deer by the side of the river. The deer was lost in the woods.

Mrs. A. Lindquist has been quite ill for several days.
Harley Ballard, foreman of the Stone lumber yard, is quite ill.

LIVERMORE.
LIVERMORE, Sept. 29.—The open season for ducks will begin on October 1st. Several ducks have been seen in the San Joaquin on Saturday. They say water level are plentiful and fat along the river banks. The deer law will expire on Saturday night.

A. B. Arnold has returned from a two weeks' visit to Byron Springs, where he has been taking the waters.

The mountain springs are reported to be raising quite rapidly of late causing a flow of water in the creek of increase to a considerable extent. In the Mocha Creek the water is said to be running quite a stream as far as Wilson's crossing.

A dense smoke pervaded the atmosphere all day yesterday. There is evidently a forest fire in the mountains. The fire is said to be burning in the mountains and many people employed at the top yards are now picking grapes.

Miss Mary Williamson is visiting friends at Waterville.

Walter Main's Circus advertising car No. 1 was in town yesterday much to the delight of the boys.

Con. North returned yesterday from a year's residence in Montana.
T. D. Carnall of the Martin ranch is spending a few days in Oakland.

Alive and Yet Dead
That's the condition of many people for those there is a remedy which will brace them up and make life worth living. It is Hostetter's Stomach Bitters, which has cured indigestion, constipation, biliousness, fever and ague, and malaria for half a century past, and will continue to, so long as these evils exist. See that a Private Revenue Stamp covers the neck of the bottle.

Beware of Substitutes or Imitations.

HOSTETTER'S STOMACH BITTERS

ALVARADO, Sept. 29.—Several large tomato growers were in town this week looking for help. They report help scarce and are experiencing no little difficulty in securing assistance to harvest the large crops of tomatoes that are growing in our neighborhood this season.

It is reported that there was a mysterious disappearance of poultry Monday evening.

The taking up of the Contra Costa Water Company's pipe is quite a job, and somewhat laborious with the new road through the town.

Mrs. L. Postlethwaite of Decoto was in town Wednesday.

After a week's visit with her mother, Mrs. Louis Gas has returned to her home in Oakland.

Miss Millie Fisher of Mt. Eden spent Thursday with relatives in town.

Frank Koldorfer has moved from the Jordan cottage to the Schmidt cottage on Love street.

Miss Dyer spent Wednesday in Berkeley.

Gus Jidinger of San Francisco is in town.

E. A. Richmond is now agent for the Alameda Fruit Company.

B. W. Burr of San Francisco was in town looking after the interest of the Fruit Company.

The popular station agents, B. H. Ford and A. L. Lindsay, are now rushed with work, owing to the heavy shipments of tomatoes, fruit and other goods.

From five to seven carloads of tomatoes are shipped daily.

Mrs. M. F. Fuke has returned from a few weeks' visit with relatives in San Francisco.

Charles Waldmuth was home last week.

M. S. Rogers died on Monday and was interred in the Hayward Cemetery on Wednesday.

The "Local Stars" of Lorenzo will play the Hayward boys a game of base ball on Saturday.

Our public school will have its mid-term exam on Saturday.

Mrs. J. D. Armstrong and son of Elmhurst were the guests of Mrs. L. G. Shiman on Wednesday.

STATE UNIVERSITY.
STATE UNIVERSITY, Sept. 29.—The funeral of the late Cecil Smith, '96, took place yesterday afternoon. Smith, who was totally blind, entered college when he was 15. He possessed a very keen mind, and although he was compelled to study with the aid of a reader, he took high honors in his graduation. He supported himself by coaching students in mathematics.

FRESHMAN RECEPTION.
The young ladies of the Freshman class gave a reception to the young men of their class this evening at Siles Hall.

SETCHELL RETURNS.
Professor Setchell and Mr. Hus, a recent graduate of the Botanical Department of the University, have just returned from a trip to Monterey, where they were collecting specimens.

LORIN.
LORIN, Sept. 29.—The ladies of St. Matthew's mission gave a very enjoyable surprise party to Mrs. T. H. Oulman and Miss Oulman at their home on Alcatraz avenue. Mrs. and Miss Oulman expect to remove soon to their home in Santa Rosa.

Dr. Stubbs has moved into Mrs. Eberling's cottage on Alcatraz avenue.

Miss F. J. Mott, who was taken seriously ill while visiting her daughter, Mrs. White, in Oakland, is slowly convalescing.

SUIT BROUGHT AGAINST C. R. ALLEN.
Attorney W. H. Waste today filed suit on behalf of the Commercial Bank of Berkeley against C. R. Allen, a local merchant, for the amount of \$1,000, which was obtained by fraudulent representations.

The complaint recites that on September 23, 1900, J. K. and Agnes Stewart executed a promissory note for \$2,000 to Allen, securing the same by mortgage.

The mortgage was given to Allen, and the principal had been paid. While the note was still pending, the Commercial Bank of Berkeley and the Commercial Bank of Alameda and the Commercial Bank of San Francisco, all of which were represented by Allen, secured the same by mortgage.

From the evidence in the case, it appears that the mortgage had been fully satisfied and judgment was accordingly given against the bank.

The bank now asks judgment against Allen for the purchase price of the mortgage on the ground that he made fraudulent representations when the note was sold.

ACKER'S Dyspepsia Tablets are old on a positive guarantee. Cures heartburn, rising of the food, distress after eating, indigestion, flatulence, and all the troubles of the stomach. Immediate relief. 25 cents a box, sold by DRUGGISTS.

LANDER STEVENS DOES STRONG WORK.
Lander Stevens as Joe Morgan in "Ten Nights in a Bar Room" is doing admirable work at the Dewey theatre.

His portrayal of the heart-rending remorse of the drunken father whose little daughter gives her life in an attempt to save him is one of the most powerful and pathetic of emotional things ever seen on the theatre.

The Grand Stock Company gives Mr. Stevens excellent support, and the performance is a remarkably strong and finished one. The specialties are strong and in the fourth act and in the fifth act are unusually good and have found great favor with the Dewey patrons.

FOR OVER FIFTY YEARS.
Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, always all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

HIGHEST TREE IN THE WORLD.
Professor J. G. Lemmon, who for thirty-four years has been engaged in making a collection of the pine cones of America and particularly of the Pacific Coast, and has acquired an unequalled practical knowledge of any other in the world, on Wednesday last, made an address to the Botany Class of the Oakland High School.

The address was given by Mr. Ash of South Carolina, who has recently measured a Douglas spruce in Oregon and found it to be 372 feet high, which is as far as known, the highest tree in the world.

TRACK AND TRAIN.

Interesting News From Shop and Yard at
West Oakland—Notes About
the Trainmen.

The railroad yards at West Oakland continue to be in a congested condition from the many cars that are stored there. Agent Dickinson and his assistants have never been so rushed as they are at the present time. At present there are between 400 and 500 loads in the yards waiting to be transferred to San Francisco. Both of the company's freight boats, the Transit and the Thoroughfare, are kept running all the time and still the freight piles up. One of the main reasons for this congestion is the fact that the yards in San Francisco are already clogged with cars and freight can be received only at a certain rate. Besides the fact that there is an unusually large number of coaches in the yards, which have been used in transporting soldiers to the coast. These will be used in returning the volunteers to their homes.

FREIGHT STEAMERS.
On Saturday the freight boat Transit will lay up to have her boilers cleaned. On the following day the Thoroughfare will lay up for about a couple of weeks to have the new boilers put in which have been on hand for some time. The work will be done by force of men from Master Mechanic McKenna's department. It is a large piece of work and necessarily takes considerable time. It will be finished as fast as possible, however, so as not to cripple the traffic to San Francisco longer than possible. With only one boat running it will be necessary to the following day to transfer the freight to the coast by way of San Jose. Several extras will be put on for this purpose. This will entail considerable more work upon the local car line and will keep Yardmaster Dillon hustling to keep the tracks clear. The loads at the ship have become so backed up that two assistant clerks have had to be put on to straighten things out. A record must be kept of all the cars in the yard, so that rush freight may be sent to San Francisco first. The two new assistant clerks at the ship are C. W. Dukey and C. H. Lawton.

DIVISION NEWS.
The company will soon supplement its locomotive rolling stock on this coast by five new large engines, three of which are in working order will weigh 151,000 pounds. They will be used for the passenger service, which has grown very heavy. The locomotives are being built by the Cooke Locomotive Works.

One of the innovations that will soon be in operation is a weekly tourist sleeping car line between Los Angeles and San Francisco to Chicago by way of the Oregon route. Connections will be made with the principal Eastern roads. It is planned to have the trains leave Los Angeles on Friday and San Francisco on Saturday of each week.

Third Vice-President J. C. Stubbs, J. A. Pittmore, Passenger Agent Goodwin and Julius Kruttschnitt left for Salt Lake City this week, where they will meet E. O. McCormick, head of the Southern Pacific passenger traffic department, and have a conference with the officials of the Union Pacific and Northwestern roads in regard to railroad cooperation at Pasadena.

The Mount Lowe Railway at Pasadena is to be extended from its present terminus at Upham Tavern to an elevation of 6,100 feet. When completed the line will be eleven miles long and will be one of the finest in the world.

the most unique scenic lines in the country. A new steel bridge has been built across the Colorado River at Yuma, Arizona. It has been in course of construction by the maintenance and way department for three months. The steel used in the structure weighs over 500 tons.

GILBERT'S DEPARTMENT.
The work in Master Car Repairer E. A. Gilbert's department is very much rushed on account of the large number of cars in the yards. The tax of soldier cars has added greatly to the usual work. In the freight car yards the work is nearly doubled at present, owing to the temporary closing of the San Francisco shops. The latter are being moved out on the Alameda, and while that work is in progress all of the cars to be repaired are sent to West Oakland. There also appears to be no let-up in the regular rush of work.

In Foreman Hamann's department work is being carried on as rapidly as the cramped quarters will permit. The alterations being made in the shops will enable the work for about two months yet. This new work of the new addition, however, is going up very rapidly. It is expected that the building will be ready for the roof in a little over a week.

Coach 165 of the Berkeley local line has been turned out of the shops after having been nearly rebuilt. New sides were put on and the deck extended. With a new coat of paint and varnish the car is almost as good as a new one. Coach 165 of the main line has been overhauled and painted.

NEW DRAW TIMBERS.
W. H. Stone, a freight car repairer, has invented a device which he claims will be a great improvement on the present draw timber attachments. By having a combination of joint and wedge, he claims to be able to make the timbers stronger and to lessen the number required. At present the timbers are made of wood and are liable to warp and break. Mr. Stone has shown a model of his invention to several of the railroad men, and they are much impressed with it. It will be a great saving in time and material.

RAILWAY CLUB.
The Pacific Coast Railway Club held its regular monthly meeting last Saturday evening at the Palace Hotel in San Francisco. The meeting was attended by a large number of the club members, and the papers read were exceptionally good.

W. G. Nevin, general manager of the Southern California branch of the Santa Fe, was present as a visitor. He expressed himself very much pleased with the club, and said that he hoped many of his employees would join the organization and attend the meetings.

The paper read by C. C. Borton was on "Sharp Flanges: Their Cause and How to Avoid Them." He treated the subject in a thorough manner, detailing the various causes of sharp flanges and how to avoid them. Some of the principal causes he mentioned were the use of wheels not to size, pressing on wheels without reference to the variations in flange thickness, defective side bearings and others.

J. F. Henderson took for his subject "Compound Locomotives." He described the action of steam in the simple engine and then touched upon the theoretical and practical advantages of the compound engine, such as the Dunsbar, Johnson, Schenck and others, were explained.

In concluding, Mr. Henderson presented his idea of what should constitute the ideal engine.

AIR BRAKE HOUSE.
The new air brake house will be completed this week. It is being constructed on out side of the building occupied by the machine shops.

BUSINESS DONE.
The total receipts of the Southern Pacific Company for the month of July were \$2,049,101, compared with \$1,202,238 for the same period last year. The receipts for the two periods were \$1,771,501 and \$1,581,122 respectively. The variance between the two periods is due to the fact that the company has been expending large sums of money in improving the road.

SHIPYARDS.
Work has begun in the shipyards on the new ships that are to be built for repairing ships at West Oakland.

Sunday Foreman Bruce and force of about twenty-five men will go to Port Costa, where they will spend the day scraping the barnacles off the hulls of the Southern Pacific fleet. The work is done about twice a year. The amount of barnacles is enormous. One of these cleanings is estimated to cost the company \$10,000. The work is done by the use of scrapers attached to an engine resting on the deck. The buoyancy of the scrapers makes them come up firmly against the bottom. The work is so arranged that the craft is not incumbered with it. It takes about five hours to scrape the boat.

CREOSOTE WORKS.
There is a large amount of work to be done at the creosote works and the men are being kept very busy. Several large consignments of creosote are arriving from England by way of New Orleans.

GOLDEN BEARS' DANCE.
On Tuesday evening, October 3d, the Golden Bears will give a dance at the Montezuma Hall in West Oakland. Dancing will begin at 8:30 o'clock and the grand march at 9 o'clock. Music will be furnished by the orchestra. The Bears are very popular and their affairs are well attended by the railroad men. Jesse R. Church of the car shops will act as floor manager.

AIR BRAKES TESTED.
A force of men have been employed for several days cleaning the air brakes on this division in order that they may be tested. Particular attention is now being paid to the air brakes.

AT LONG WHARF.
There has been no sugar discharged at Long Wharf this week, although there are some ships in the stream. They are at anchor awaiting a berth.

The Greenwood and the Whitesboro have been discharging coal. The Whitesboro is discharging coal and the Greenwood is discharging lumber and shingles for the East. The Jabez Howes has been discharging Cumberland and Lehigh coal.

A fence is being built around the yard to keep out vandals from coming there and interfering with the work.

The Collier Mackinaw has finished discharging. The Washnetaw will be next at the bunkers.

BENNETT BALL.
Western Shore Lodge No. 71 will give a ball at Pythian Castle, Twelfth and Franklin streets, on Tuesday evening, October 1st, for the benefit of the Home for Aged and Disabled Railroad Men, which is located at Highland Park, Ill. Tickets are being sold at the rate of 50 cents. Many tickets are being sold about the yards.

YACHTING TRIP.
Captain Gauthier of the yard-office is entertaining his cousin, Charles G. Gauthier, and some friends on a yachting trip about the bay today in the yacht U and I.

ENGINEERS PROMOTED.
The following engineers have been promoted from switch engines to the main line: C. Glass, H. L. Peters, J. D. Hoyt, J. E. Epper, Charles McGill, W. E. Sampaugh, Jean Baker and Dave Collins.

FIREMEN PROMOTED.
The following firemen have been promoted from switch engines to the main line: W. E. Griffin, T. Gillick, R. O. Riehl, R. M. Barnes, Ed Parker, Paul Templeton, William Cunningham, E. R. Klein and L. Henry.

PERSONALS.
C. D. Miller has returned from Port Costa, where he went to check coal that was being discharged by the Collier San Mateo.

C. W. Hawkins, night weigher in the yards, has taken a vacation, during which he will be married. Charlie is a popular boy and has the good wishes of all of his fellow workmen.

Clark G. C. Troth has returned from a visit to his wife at Santa Rosa.

Seal Clerk A. J. Turner has moved to San Francisco to reside. He has also invested in a new navy blue suit.

The clerks in the freight office are much pleased with the new telephone connecting with the transfer platform. They say it is much quicker than by sending messages by Clerk Watkins, although Joe is considered a fast man.

Foreman Patrick Duffy was the first patient to be treated at the new emergency hospital. He was taken ill this week and went to the hospital for treatment. Dr. Melis soon had him all right.

Tootsie Yakes of the stock gang has been ill for a few days.

The young son of Dr. Rilea has been taken on as a student under Seal Clerk Turner.

Switchman A. A. Galen's met with an accident Wednesday morning which has necessitated his laying off for a few days. He missed his footing as he was climbing up the side of a car and fell to the ground. He was severely shaken up.

Roadmaster Thomas Ahern has recovered from his recent illness and has returned to duty. The arrival of a little son in his family no doubt hastened his recovery.

Michael Hardman, chief clerk under Roadmaster Ahern, expects to take a vacation soon to be married.

William W. Neal has returned to work in the car department, after a short illness.

E. J. Crossman, a blacksmith in the car shop, is at the railroad hospital in San Francisco recovering from a severe operation.

The party of mining engineers who have been holding a session in San Francisco leave today for the southern part of the State. They travel in a special train of six Western coaches with a dining car attached. They will tour the State before returning East.

John Swanson, who had his leg crushed a few weeks ago in the wreck at Tracy, is able to be around on crutches and expects to be able to return to work soon in his car department.

H. J. Small, superintendent of motive power, was inspecting the West Oakland car shops Wednesday.

C. W. Camper, a car inspector at Stockton, has returned to work after a couple of weeks' illness.

F. J. Clifford, clerk in Master Car Repairer Gilbert's office, is laying off on account of illness. He expects to be able to return to his duties Monday.

The official car, No. 17, of the Mexican Central left for the south Wednesday.

The Wagner car, Idle, leaves Sunday for the East with a special party.

E. Washburn, president of the K. C. T. S. and N. road, is visiting the Coast in special coach No. 102.

Chief Car Inspector W. B. Ludlow is somewhat recovered from his recent illness.

Gang Foreman Hall of the machine shops leaves Sunday for a ten days' trip to Oregon.

Painter Rastell is taking a two months' leave of absence to go to Oregon.

George Welch of the machine shops is still very ill.

John T. Slavin of the machine shops is again on the sick list.

William Gaines and Shady Crosssett, who enlisted to go to Manila, have returned and were paying their former comrades in the machine shops a visit Wednesday.

Brakeman John McConaghy broke his little finger recently while working with a boiler at Long Wharf.

Fireman W. H. Wamsley is on the sick list.

Engineer Horace Hammond, who was slightly injured in the recent wreck at East Oakland, has returned to work.

Engineer J. B. Wilson is laying off on account of illness.

The latter has taken the place left vacant by the death of Engineer Ford.

F. P. Small has returned from a three weeks' visit in Sacramento.

Fireman Klein has been relieving Fireman Haberg on the run from Benicia to Sacramento.

Engineer Fuller has been promoted to the main line.

A. Jones of the machine shops has returned from a week's vacation.

Engineer Manson has been laying off on account of his son's illness.

Moonlight Master Mechanic spent Saturday and Sunday at his ranch at Mountain View.

Engineer Bob Aiken has taken the place of Engineer Openshaw on the San Ramon run.

Fireman Tom Shine of the Owl train is ill. Fireman Woods is taking his place.

William Morris has been transferred from the chain gang to the Alameda local.

Hostler John Elser and wife have been spending a week on their ranch in the southern part of the State.

Engineer C. M. Farley has returned to work after a week's illness.

Fireman George Carpenter of the Sulphur branch is laying off. Fireman G. W. Adamson is relieving him.

Mrs. M. Lamb of the Brunswick Hotel has returned from Fresno and is devoting her entire attention to the management of this popular house.
